

Art of Motorcycling: Cinema Edition

Enter a world where every ride is a story.

Every road, a frame.

You are the main character

and your Royal Enfield, a co-star.

THIS IS THE ART OF MOTORCYCLING CINEVERSE EDITION.

Where you imagine your motorcycling movie and design a poster that brings it to life.

Submission Guidelines

- Make it yourself. No AI tools, only your hands, your tools, your vision.
- Keep it original. Your poster should be your story, not a remix of a film that already exists.
- Give it a name! Every great movie starts with a great title, your poster should have one too.
- Submit it right. Upload your entry only through the official AOM website, that's where the reel begins.
- Keep the layers. If you're sending a .psd, don't flatten it, every layer tells a part of your process.

Acceptable Art/Graphic/Design File Formats:

- .ai, .psd, .tif, .jpg, .eps

Acceptable Art/Graphic/Design Dimensions and Resolution:

- .ai / .eps: Vector file in actual dimensions
- .psd / .tif / .jpg: 300 dpi minimum in actual dimensions
