APERIGIA GUERRILLA

A rider in black gear is leaning into a turn on a black Guerrilla 450 Apex motorcycle. The bike is shown in profile, leaning to the left. The background is a blurred urban setting with a concrete wall and metal railings. The word 'GUERRILLA' is written in large, white, outlined letters across the background, with 'APERIGIA' written above it in a similar style.

MORE GRRRIP. MORE GRRR.

The Guerrilla 450 Apex is here. A lean, mean cornering machine recalibrated for urban geometry—with a torquey 40PS x 40Nm x 452cc engine, a more committed handlebar, and road-biased tyres that grip like nothing else.

RIDE. LEAN. REPEAT.

A more committed, forward-leaning ergonomic triangle on the new Guerrilla 450 Apex sharpens front-end feel, and keeps the motorcycle dynamic and dialled in for every corner.

ALL-NEW STANCE

A sporty front cowl, updated ergonomics and detachable rear cowl give the Guerrilla 450 Apex a tighter, more aggressive look—making sure you turn heads at every turn.

GRIP THE GRID

The grip on the Guerrilla 450 Apex just doesn't quit. Its 17" Vredestein Centauro STs are the widest, stickiest tyres in the category, letting you carve every corner with confidence.

UPDATED RIDING MODES

Switch moods, switch modes with two new riding modes: Sport and Street. Toggle between both with ease, courtesy of the Guerrilla 450 Apex's digital dashboard.

ENFIELD**

SUSPENSION BY SHOWA

With 140mm of front travel and a 145mm rear monoshock, the Guerrilla 450 Apex is hardwired to handle anything the road might throw at you.

TORQUE ON TAP. GRRROWL WITH GRIP.

The iconic 452cc, liquid-cooled Sherpa engine delivers 40PS and 40Nm, landing punchy power across the rev range, even as low as 3000 RPM—perfectly matching the Guerrilla 450 Apex's sharper stance and corner-hungry grip.

TRIPPER DASH

Maps, music, messages and more—all in one place. The Apex's Tripper Dash keeps you on track and in the know, no matter where the ride takes you.

LABOUR ANNUAL MAINTENANCE CONTRACT

In addition to having all your labour costs covered as part of your scheduled service, get 10% off on all additional labour costs and 5% off on all spare parts.

A motorcyclist wearing a black jacket and a red and black helmet is riding a black and red Royal Enfield motorcycle on a winding asphalt road. The rider is leaning into a turn. The background shows a dry, hilly landscape with sparse vegetation and trees under a clear sky. The text "#APEXMODE" is overlaid in large, white, stylized letters across the center of the image. The license plate on the motorcycle reads "GPRR".
