

ROYAL ENFIELD

**METEOR**  
**350**

**CRUISE EASY**

Cruising - that holy grail where the rider becomes one with the machine, the terrain and somehow becomes free from the act of riding, primed to soak in the surroundings. The Meteor represents that eternal essence of riding, the spirit of the cruise; with classic contours & timeless design cues, it is an easy thoroughbred cruiser, ready for the open highway and for meeting the challenges of urban commute with equal ease.

## A NEW HEART

At the heart of the Meteor is the J series Air-Oil Cooled, 349cc, SOHC engine with a characteristic long stroke producing smooth tractable power and plenty of bottom-end torque. The electronic fuel injection (EFI) system provides reassuring power delivery right from the start, consistently throughout the rev range which ensures a unique performance. Continuing the legend of the easy singles, the new engine throbs with a beat that is distinctively Royal Enfield.

**349cc, Single Cylinder,  
4-stroke, Air-Oil Cooled**

**Maximum Torque**  
27 Nm @4000 rpm

**Maximum Power**  
20.2 BHP @6100 rpm

**Gearbox**  
5 Speed constant mesh

**Fuel Capacity**  
15 ltr

**Ignition System**  
Electronic Fuel Injection  
(EFI)

# A REFINED GLIDE

With an enhanced chassis setup, accessible riding position, advanced braking ability, high specification suspension and responsive power delivery, the Meteor 350 is set to light up the world of cruising. Its agile, light handling is a result of hours of testing and development culminating in a new chassis that is stronger, stiffer and more durable without compromising on rider comfort. A 1400mm wheelbase and seat-height of 765mm, makes for an accessible and confident riding position. The larger front disc with floating caliper and twin pistons coupled with the Dual-Channel ABS (Anti-lock Brake System) for both the front and rear, results in better stopping in emergency braking situations.

## Chassis Type

Twin Downtube  
Spine Frame

## Front Tyres

100/90 - 19" - 57P  
(Tubeless tyres,  
Alloy Wheel)

## Rear Tyres

140/70 - 17" - 66P  
(Tubeless tyres,  
Alloy Wheel)

## Front Brake

300 mm disc with  
twin piston  
floating caliper

## Rear Brake

270 mm disc,  
single piston  
floating caliper

**ABS**  
DUAL CHANNEL

## Front Suspension

Telescopic,  
41 mm forks,  
130 mm travel

## Rear Suspension

Twin tube emulsion  
shock absorbers  
with 6-step  
adjustable preload
